# DO NOT EXPECT TO TURN THE EARTH UPSIDE DOWN WITH ONE ADVERTISEMENT

# EVENING BULLETIN

YOU MUST WATCH YOUR ADVERTISING AND BE PERSISTENT

I DO NOT expect to ever find anything better as an advertising medium than the daily newspaper.—John C. Paige, Insurance, Boston.

VOL. XI No. 2196. HONOLULU, TERRITORY OF HAWAII, SATURDAY, JULY 12, 1902. PRICE 5 CENTS.

**GRAND DUCHESS HELENE OF RUSSIA.**  
The rumored elopement of the Grand Duchess Helene of Russia with a poor student has been denied, but no one has attempted to deny that the charming Helene is one of the most audacious royal flirts to be found in the courts of Europe.

## Harmony Discussed In Banner Republican Club

There was a good turnout of members of the Second Precinct, Fourth District, Republican Club, in the tent at Lunalilo and Piikoi street last night. Col. J. H. Soper, president; T. H. Petrie, secretary, and C. H. Atherton, treasurer, together with members of the executive committee, were on hand. The usual collection for the expense fund was taken.

An air of good nature pervaded the meeting and the speeches were conciliatory in tone even in reference to other political parties.

J. H. Craig, chairman of the executive committee, announced at the opening that R. Ahuna was not going to accept his election thereon, as he was an employee of the navy department and Admiral Merry disapproved of any such being in active politics. Royal D. Mead was announced as secretary of the executive committee. They had engaged a quintet club for the meeting and wanted to know how far their authority went in incurring expense. The reply to this was the collection. Mr. Craig said they would have to go to work soon canvassing the precinct and would need volunteers. In the words of Nelson, every man was expected to do his duty. He stated that the appointed speakers of the evening were W. W. Harris, Jonah Kumalea, R. W. Aylett and G. B. McClellan, but no doubt the meeting would be glad to hear others also.

There has been a great deal said about harmony. "I think too much," continued the executive committee chairman. "It was simply a little personality between a few men. We must not pay any attention to it. Summed up the situation appears to be the native against the haole. We must show the natives that we are working for their interests. We want to harmonize the native element. They have a feeling that the haole considers himself a superior being. I believe a good way to start it would be to pass a resolution that the government should only employ American citizens or persons qualified for citizenship. They say they cannot find them. I deny it. I can find all the men they want. Many public officials hire aliens for their own private work, which is just as bad. The Superintendent of Public Works is setting a good example by hiring only citizens. Public money should be paid only to American citizens. Let us offer some inducement to the natives and they will feel it."

Mr. Craig handed in the following resolution, which was seconded by T. F. Lansing and unanimously carried: "Resolved, That we, the members of the Second Precinct, Fourth District Republican Club, do hereby declare that we believe in the employment of American citizens or those eligible to become such on all government work; and be it further

"Resolved, That the secretary of this club be instructed to transmit a copy of this resolution to the central committee of the Republican party, that the expression of opinion of the members of this club may be placed before the proper officials of the government."

Mr. Harris having confirmed the declaration of R. Ahuna to serve on the executive committee, C. F. Reynolds nominated Mr. Middleditch. Mr. Harris, however, said the place should be given to a native. He nominated John Joseph and Mr. Middleditch retiring the election was unanimous.

## THEY INSIST ON TOTAL SURRENDER

Young Hawaiians Will Dictate Their Own Terms.

### KALAUOKALANI'S HEAD MUST FALL IN BASKET

Handwriting On Wall Becoming More Legible—Prince Cupid May Yet Be Nominated Delegate.

The split situation between the young Hawaiians under the leadership of Prince Cupid and the "old men" under Wilcox and Kalauokalani, shows more than ever today a tendency towards stability and the former are pointing out to the latter what they are pleased to term "the handwriting on the wall, or death to old time methods and life to a new era of intelligence."

At the meeting in Foster hall last night, there was some sentiment looking toward a patching up of differences, but the voice against such a situation, with Prince Cupid in the lead, would seem to indicate what has already been suggested.

However, it is still the hope of a few that the committee appointed at the meeting last night will succeed in getting such terms from the "old men" and their representatives which would result in a practical rejuvenation of the Home Rule party and which would result in a complete overthrow of the old influences.

Briefly, the program of the peace-makers is this:

1. Depose Kalauokalani from the chairmanship of the executive committee and replace him with Prince Jonah Kaimanulua.
2. Adopt the new constitution and by-laws as introduced by the committee appointed to draft the same, cutting out all amendments made at caucuses held on the night before and the morning of the split.
3. Retain J. P. Makinai in office as vice-president and relegate Kalauokalani to the tomb of "Has Beens" or "Cannot Be Again."
4. Reorganize the party throughout the islands on recognized American lines with the precinct club as the unit of organization.
5. Retain Wilcox as candidate for Delegate to Washington for the next two years, the local issues being more important than anything that could take place in Washington just now and harmony being the idea of the plan of reorganization.
6. Make County and Municipal government the campaign cry.

The dictum of the reform men will be absolute and if it is decided by the committee to meet with Wilcox and Kalauokalani, it will be with a determination that there shall be no compromise but a total handing over of the party to the younger and more progressive members. Nothing but total surrender will be listened to.

Should there be a refusal to any one of the points enumerated, the split will remain for good and all possibility of a patch will be gone forever.

If the committee so decides, Wilcox and Kalauokalani will be asked to confer with them some time before Monday since this is the date the young men are to come together again for a discussion of the situation and a planning out of methods of procedure.

A citizens' party seems to be the disposition of those of the younger element who still believe in a reconciliation. While the party will be separate and distinct, the plan will be to join with the other parties and agree on men to be put up for the Legislature, the point of county and municipal government to be insisted on. The plan is to allow the Home Rule party as it now stands, with Wilcox and Kalauokalani in the lead, to put up its own men and the combination to put up a combination ticket, so that there will be practically two elements only in the fight.

Prince Jonah Kaimanulua is to be named for delegate to Washington and from what his followers think and their belief that he will sacrifice personal reasons against going to Washington for the good of the men who are hourly rallying around him, it would seem as if he could hardly refuse.

A few hours may tell the story. Both sides have been active all day and many conferences have been held. Agents of Wilcox have been busy with the younger element but nothing definite has yet been arrived at. The young element will listen to nothing but an unqualified capitulation and this the Wilcox-Kalauokalani people are finding a pill that is not only bitter but so large that it refuses to go down with the ordinary amount of coaxing.

It is stated here from a general survey of the situation today that "the handwriting on the wall" as the reformers are pleased to call it, is assuming proportions that can lead to but one end—a permanent split.

## PING-PONG IN PORT WATERFRONT IN THE GRIP OF THE GAME

Spreckles' New Liners Up To Date—Captains Enthusiastic—May Be Introduced Aboard Kinau—Young's Island.

Ping-pong is getting a hold on the waterfront. A fever of excitement is spreading along the beach from one end of the harbor to the other and matches are being arranged, by outside parties, between well known waterfront people.

The mania has even touched Young's Island, near the lighthouse, and the Young brothers have purchased a ping pong set and are spending their spare time, when they are not fishing up anchors outside, having small island schooners in and out of the harbor and taking pleasure parties out in their numerous speedy gasoline launches, is practicing the fascinating game.

The island home of the Young brothers is a small affair and when the doors and windows of the Young mansion are open and the game is on in all its excitement the little balls make queer and unpremeditated journeys out into the open air, dropping with pingy plashes in the waters of the "bay."

Aboard several ships the game is being played in the evenings and the cabins of more than one of the vessels in port resound in the hours of the evening with the enthusiastic cries of ancient mariners and their landlubber guests, while the game goes merrily on.

Now it is said that a match game is being arranged between Captain "Bully" Williams of the lighthouse and Captain James of first Alaska gold discovery and reincarnated Viking fame.

The headquarters for social news of the waterfront is situated in Wilder's ship chandlery on Queen street. Captain Campbell, who manages this institution, where the cream of the captains and waterfront men gather to spend a

## HOODLUMISM ON INCREASE IN CITY

Two Chinamen On Liliha Street Beaten By Toughs.

### TWO GANGS ARE CAUGHT BY WATCHFUL POLICEMEN

Pawaa Bicycle Thieves Now Awaiting Investigation—All Manner of Complaints Coming In.

Complaints of the increase of hoodlumism in the city become greater in number every day and the situation is such that the police have come to the conclusion, unless something radical is done, the safety of people on the streets of the city, a thing which Honolulu has always been very boastful of, will be a thing of the past.

Punchbowl, Liliha street, Kakaako, Kapalama, Kalihi and other sections of the city have become infested with gangs of hoodlums, so that it would take a better man than Prof. Koebach to find the proper insect for the disease.

Last night, Officer Apana was sent up on Liliha street in answer to a complaint laid in by two Chinamen—An Cho and An Lum Po. They stated that on Thursday night they had been beaten by a gang of native toughs, and in their appearance showed that something had rudely disturbed the usual appearance of their faces.

Apana went to the home of Pillua, the leader of the gang, and there he succeeded in arresting, besides this fellow, the following: Kamakau, Henry Kanoa and Keoki Pauole. There are several of this gang, known well to the police, who were not on the spot at the time, who will be caught later.

Two of the boys have confessed to being in the plan to beat the two Chinamen referred to, and they will tell the story in the Police Court on Monday.

It seems that five Chinamen, cooks and yard-boys in reputable families in the city, started out for the Chinese theater on Liliha street on Thursday night. They had almost reached the

## ROAD WORK KEEPS HUMMING

New Bridges Going Up In Far Eastern Suburbs.

### NUUANU BRIDGE WILL LAST FOR GENERATIONS

Macadamizing at Many Points Is Progressing—An Excellent Road Nearing Completion In Kalihi.

Road Supervisor C. B. Dwight has a good deal of work in hand, notwithstanding the paucity of funds.

The new bridge at Waiuue, promised for many years, is being erected. When it is completed a bridge at Niu, opposite, will be put under construction.

Work has begun on the cut stone walls of the second side of the Nuuanu avenue bridge, one side having been completed. This bridge is to be of concrete strengthened with steel arches and calculated to endure for generations.

Macadamizing operations are proceeding upon Piikoi street, Liliha street, King between the bridge and Liliha street, the extension of Queen from Maunakea to the intersection with King, the approach to the new Hackfeld wharf, Paliwa lane up Nuuanu valley and the Kalihi valley road through the Kalanui tract. The last named is nearly completed and a very good road.

When they were approached by a native boy who began to call names and kick at them. Close upon this there came a call from Pillua, the leader of the gang waiting near by, to attack in a body. Three of the Chinamen got away, but two were held and beaten frightfully.

On Monday, Tuesday and Wednesday nights there were like occurrences, people on Liliha street testifying to the fact that they had heard many cries of "Haul in" by Chinese.

In Pawa last night a mounted patrolman arrested David Pihl, Hong See and Keau and these young hoodlums are now waiting at the police station to have their cases investigated.

These hoodlums have been the terror of the Pawa district for months past. A couple of the boys are known to have stolen bicycles, sold them at a cheap price, stolen them again and then sold them once more.

The mounted patrolman happened to arrive at the store of a Japanese near the Waikiki turn in time to catch a native boy in an argument with a Japanese. It was not long before the other two arrived and they were all arrested.

It seems that a bicycle had been sold to the Japanese by one of the boys and this is the receipt that was given:

Honolulu, H. I., Aug. 13, 1891.  
Received from Hean Pochito mail Fhu Ton at said mail this Billors Py-cyle to aile to an baby.

\$7. 56296. F. R. JOHN, I. C. B.

Other receipts of the kind were gathered together. They are all as unique as the one given.

These young hoodlums have been doing all kinds of things of the kind for months past and it was only by a lucky accident that the police officer happened to get hold of them.

## TRANSPORT NOT DUE

Two or three persons who have seen the mistaken item in the Advertiser, to the effect that the transport Kilpatrick was due at this port, have been looking for the arrival of the vessel here. The Kilpatrick is not coming to Honolulu, according to schedule. She might find it necessary to call here in case of some emergency but is not due here. Captain Williamson, United States Depot Quartermaster here, received word in the last mail that the Kilpatrick would go right through to Guam.

## CONG TO JURY.

Argument to the jury in the case of Agnes McIntyre vs. Emma M. Nakulua was concluded and the case given to the jury a few minutes before 1 o'clock this afternoon. The jury was allowed to go to the Hawaiian Hotel for lunch in charge of Ballin Hopkins.

Mrs. Nakulua, on cross examination by the plaintiff's attorney, caused a sensation by denying the genuineness of the note for the balance on which the suit is brought against her. Mrs. Chua, T. Gulick, whose late husband was business agent for Mrs. Nakulua, was on the witness stand a long time this morning. She testified to Mrs. Nakulua's application to Major Gulick for raising a loan in 1901 to pay taxes. Mrs. Nakulua had never explained of any wrong-dealing on the part of witness's husband during his life, but on the contrary was on most cordial terms with him up to his death.

**FAYNE MOORE, WHO WANTS A DIVORCE FROM HER CONVICT HUSBAND.**  
This is the woman with the fascinating eyes who figured so prominently in a celebrated New York swindling case some two years ago. Her husband was convicted, but Fayne Moore, as she is best known, was set free. Now she is suing for a divorce from her convict husband.

## Young Hawaiians Point to Wilcox And Kalau with Scorn

The young Hawaiians who bolted from the convention the other afternoon, and others in sympathy with what they represent, turned out in large numbers in Foster Hall last evening for the purpose of talking over the situation and of deciding on some course to follow from now on. There was not very much planning done, the time not being yet ripe, and the meeting resolved itself into a series of speeches denouncing Delegate Wilcox and Senator Kalauokalani, the president of the convention that was held recently in the city. These two men were called names that would have made the majority of men of stamming get up and fight. Delegate Wilcox was present at the meeting, and the things that were said about him, and to his face, by the young Hawaiians were certainly not pleasant to hear. He and Kalauokalani were called snakes, liars, and all manner of other things that must surely have made Mr. Wilcox feel ill at ease, to say the least.

The meeting was called to order at 8 o'clock by J. K. Nakookoo, who issued the call for the gathering. Soon after this, Prince Cupid, the recognized leader of the younger and more intelligent element, entered the room and was greeted by loud cheers and a show of great enthusiasm. Wilcox's entry at about the same time was unheralded. He took a seat near a window to listen to what was to be said.

Prominent among those present were J. K. Nakookoo, John Emmeluth, Biplane, Carlos Long, Herbert Mossman, John Baker, Solomon Meheula, S. K. Kaloa, John Markham, Emil T. Dreier, Senator David Kanuha, J. M. Poepoe.

Continuing, Mr. Wise said: "Prince Cupid now has a letter in his pocket written to Lale by Kalauokalani speaking in bad terms of the Prince and his gang." That letter shows what kind of men Wilcox and Kalauokalani are. They sent the letter to Lale to injure Prince Cupid. Kalauokalani has no more right to rule the party. The young people now are trying to do what the old men and the false leaders of the party brought upon it in the last campaign.

"Now as to Prince Cupid: What does he care for additional honors, or for money? He has both. He is only putting himself into this party to help the people along all he can. It is not for the sake of the honor and money."

### HAMILTON-BROWN SHOE CO.'S
